Agricultural research, most of it Government sponsored, and the application of the new technology in modern methods of production have been success stories in increasing farm output, and this has placed extra strain on traditional marketing methods, - says F. U. A. President Paul Babey in a release today.

"Unfortunately," says Mr. Babey, "farmers have not been able to retain from themselves a significant amount of the savings and benefits made possible by their use of modern production methods. Most of the savings are passed on to the consumer, because our marketing procedures are unsuitable to retain them for the farm people, he said.

"The time is now opportune," Mr. Babey stressed, "for increased spending by the Department of Agriculture, especially in the area of agricultural products marketing, research we believe that such research would increase returns to farmers by means of improved marketing methods."

BILL HOGIE IS DEAD.....

It was with a sense of personal loss that we read of Bill Hogie's death, as we arrived back in Edmonton, Monday, from Ray McMurtry.

Bill's passing will be mourned by all Alberta weekly news publishers. I'm sure. He was CFB's Mason man with the weekly edition, Bill had many years in the newspaper field himself before going into the video field with CFB.

Travis Rowles is taking a bachelor course in Edmonton, and says he enjoys it very much.

Every table activity makes room for itself.

My little red truck is a.k.a. but I surely won't be able to load it very heavy (like when I carry my money to the bank for instance)

A neighborhood day is divided into six watches, each of eight bells duration.

Soon to leave for Calgary is the Billings family. We will miss Pat and Betty and the family no end, but our loss will be Calgary's gain.

Elise Tokhenski has been holidaying in Sunny Southern California.

Haven't seen her since she got back (if she is back) but am sure she will have an interesting story to tell.

When she was talking over her place we personally advised going by Moncton to Las Vegas and making a stop-over there.

No place like Vegas to get rid of money in a hurry, but it should not be missed by anyone seeing the Southland for the first time.

REDUCING FEETS ARE IN ORDER. Signs going up around town all specify say "Vehicles over 2,000 lbs Prohibited"

A number from Drayton Valley attended the funeral in Edmonton last Friday of Ed. Walsh, formerly here with Walsh Construction. Ed. had a stroke and had spent the last seven years in a wheel chair at the Good Samaritan Home.

Robert Bates and C.D. "Red" Fisher, as well as Chuck Mon were pall-bearers.

SECOND SECTION Editorially SPEAKING

The U.N. Let It Die

With all this talk of "reviving" the United Nations, and some seem to speak with horror of its possible demise, like the end of the world or some such thing.

We say, LET IT DIE. Let it die a natural and deservedly inconspicuous death. While Christian nations are outnumbered by so-called "emerging" black and yellow nations.

Congo and other parts of Africa should be a clear danger signal as to just how responsible these "emerging" African nations are. After centuries of white missionary effort and the building of hospitals, schools, and many other humanitarian efforts on the part of white Christian nations, the minute white influence is removed they go right back to their witch doctors and their cannibal customs again.

EVOLUTION? There are African remains in the hills of Kalamazoo, which Radio Carbo 14 recently points back to at least 75 thousand years ago, but when Livingstone and Stanley came into Africa they had not yet even developed the wheel on their own initiative and intelligence.

The U.N. was nothing more than a sounding board for Communist countries to blast their insults and false and lying accusations, why try to revive something that should never have been started in the first place?

Communist countries are quite interested in getting the white Christian nations out of Africa and all the rest of the world, so they can rush into the vacuum thus created and take over the whole world. When we hear people talking about making the U.S. cease its military operations in Viet Nam, we wonder just how naive, how brain-washed can you get?

suddenly map a program of any type to life in a busy state it has been playing for months. That enthusiasm which is the catalyst of all effort at the coaching level or the playing level, is gone. The people who were not too far from the hockey program a couple of months back are quite apathetic about the whole thing now. There is also the matter of contacts. It is very difficult to get a game with an out-of-town team under these circumstances. Many of the smaller towns around have experienced difficulties in this maintenance and program continuity similar to our own. Consequently few if any communities in the vicinity are prepared for hockey competition at any level in the minor brackets. If we get to two or three games with teams from another town before the season runs out we may consider ourselves lucky. At the present writing I would not guarantee anything concerning hockey competition this season.

The season has not been a complete failure. The label got in a number of games and the Miles and the Free Press have been playing every day for the past two months. The Miles and the Free Press have been practicing regularly also, but to date there is no competition in sight. If this was mid-December with the trading we have now we may look forward to quite a season. However, since it's the latter part of February, we must postpone the point of no return as far as hockey is concerned this year.

With a victorious smile, Bonnie Baxter scans the cheerleader trophy on behalf of the Drayton Valley cheerleaders at the 8-day Skatol Ball tournament at the Frank Macdonald High. Presenting the trophy is John Bright, president of the Students Union and to the background are Mike Gormley, Recreation Director, Paul Bradley, Varsity coach and Christine Kerr, cheerleader and the mascot that truly brought back.

Paul Bradley, Coach of the F.M.S.U. Varsity, who has kept out quite a figure in the High School basketball program, promoted through out this part of Alberta during the past few months. Mr. Bradley has wide experience in the game of basketball both as a player and a coach and we are fortunate to have the services of such a talented and qualified person in the operation of this program.

Any boy of twelve or thirteen years of age, who has any interest in basketball is cordially invited to attend these training courses. The idea behind the program is to give interested youngsters a chance to learn the fundamental theories and basic patterns of this very scientific and at times complicated game. Basketball may look relatively simple to the casual observer but actually in theories, mechanics, playing patterns, offense and defensive, play it is as deep as the sea. Many think football is a complicated game with its many and varied phases of attack and defense but I they should take a good look at the internal operation of an advanced basketball team, then their brow would really go up. With a basic idea of what the game is all about and with some knowledge

of offensive and defensive play, a boy is prepared to step into the High School game and enjoy the activity as well as being a credit to his town right from the begining. It is hoped that this clinic is well attended and that we will be able to help many boys by giving them this introduction to this wonderful indoor sport.

CENTENNIAL PROJECT MEETING: Please make it a point to be present at the Chamber of Commerce Centennial Project meeting this Thursday evening in the Scout Hall. The meeting will get under way at 8:00 p.m. The purpose of the meeting is to get ideas from the public as to what our Centennial Project should be here in Drayton Valley. Something will be built to mark Canada's five hundred years in 1997. Ideas are requested from everyone. So make it a point to be present Thursday night to express your opinion on this important matter.

JANUARY THAW: We did not have a January thaw this year but we eventually have this meteorological phenomenon even if it is clouded in deep metaphor and comes late in the month of March.

RED DEER JAYCENTS RE-PEATED AWARD WIN

Judging has just been completed in the Alberta Women's Safety Awards and the Jaycents of Red Deer were awarded top place in the province for the second consecutive year. The annual competition, which is sponsored by the Alberta Safety Council, recognizes outstanding safety projects undertaken by women's groups.

Another Jaycents group from Medicine Hat placed second. This was another repeat as this group won second prize last year.

The latest addition to the safety program was the disbursement of 50 copies of a booklet titled "Safety for Women" by Mrs. D. H. McCullum, a member of the Jaycents. The booklet is a valuable reference for all women and is available for loan from the Jaycents. The booklet is a valuable reference for all women and is available for loan from the Jaycents.

The Red Deer Jaycents will receive a cash award of \$100 plus a framed certificate and their project booklet will go to Ottawa to compete for a Carol Lane Award at the National level. Carol Lane Awards are administered for safety by the Canadian Highway Safety Council, National Safety League of Canada, and the Red Cross. The Jaycents will receive a certificate and \$50.

Funeral services were held at the South Side Memorial Chapel, Ltd., with interment at Glenwood Memorial Gardens.

In the midst of all that post-graduate junk on the subject of "Teen Scene," I'll confess your "mama's" I don't advise the "Teen Scene" as it is not "natural." It is not "natural" in the sense of all that stuff, there is an excellent newspaper magazine "Alma's Spectator" we have previously been over much of it. (It is not "natural" in the sense of all that stuff, there is an excellent newspaper magazine "Alma's Spectator" we have previously been over much of it.)

WE BATTLE IT OUT DEPT.

Telford and Playford are still battling over whose picture, "Telford" on the front page, or Playford on the back page, will be on the January 1968 issue.

On maybe it was John Bright Jr.'s picture in Teen Scene, also on the front page?

HISTORY TOLD: Wally Jensen returned to old hometown, Drayton, after the first of the year. He is back working at his old job before he came to Drayton Valley to work for Graham Howie.

Alma Deby, now living in Vancouver, reports that the "Cubs" (or is it the "Cubs") have long been in bloom in the Coast City with other flowers (including) her behind.

Mr. Drake told on the other day that on his first night in western Canada, seeing a brilliant display of Northern Lights, also for the first time, she thought the last of the world had come for sure.

UP GOES THE FLAG... Monday was Canada's official flag raising day in Drayton Valley the ceremony was carried out in front of the Memorial Police Branch.

Shown above are Constables R.B. MacDonald and W.P. Sanders as they give the red maple leaf its first breath of air. The flag was run-up at noon. In conjunction with other public flag raising ceremonies across the continent.

WELCOME NEWCOMERS

Mr. and Mrs. Arnold Labaree arrived in Drayton Valley recently. They are living in Tweeddale No. 25.

Teen Scene

By: John Bright Jr.

The big question is "What's happened to our members?" At the last two Pembina Teen meetings less than one-third of our members have shown up. This is becoming very discouraging for the members who do come and also for the executive. It is becoming more difficult, with this type of support, for anything to be decided upon and impossible for the club to cut off for those people who do not attend meetings, so, at our next meeting it will be appreciated if all persons having membership in the club would please attend.

A date and band have been selected for our next dance, and the possibility of getting the club as a sponsor for Pembina Teen will be discussed at the next meeting. The date and time for this meeting will be posted on the bulletin board at school.

Miss Linda Robertson of grade eleven won the title of Queen of Hearts at the Valentine Dance last Wednesday at the High School. Miss W. through the dance Linda was crowned by Miss Judy Angus, sister of last year's queen.

The yearbook staff reports that the response to their advertising campaign has been very good to date. They would like to thank those merchants who have responded advertising space, and would like to ask those who have not yet been approached to please support this worthy cause.

On behalf of the student who attended, I would like to thank the Legion for the Valentine party they put on for

the high school students last Friday night. It was very much appreciated and enjoyed by everyone.

CHAMBER OF COMMERCE

AWARDS NIGHT DINNER.

Cont. from page 3, col. 1.

Chamber of Commerce then presented a very fine trophy to businessman Karl Wahl, who was accompanied by one of his oldest band members in point of years of service Al McKillop. Karl gave a brief history of the band, and that they may have come and "gave" in the five years since the band was organized. He said that some day members had added their names to the growing list of those who have played with the band. He is now trying to "break it" more years. They hope they will stay with it for a longer period of time.

The band had done some very good community service, with personal sacrifice to them. One such high time when they had accompanied our Drayton Valley and District Tour in the opening Parade for the Edmonton Exhibition.

Following the plaque presentation to the Band Mr. Braden of the Chamber of Commerce gave a report of the work done by the Chamber in recent years and the impressive list of achievement with many more projected for 1968.

The next group to be given mention was the new ladies group, the Alberta Association of Registered Nurses, the Hospital Auxiliary and the Women's Institute. Mr. Coulter, of the Red Cross 1st office in Edmonton read the report of the group.

Following this the Pembina News Advertiser played for Community Service was given to Bill Johnson for his three years of inspired leadership as president of the local Chamber of Commerce.

Mr. Johnson introduced the speaker for the evening, Mr. Roy Abell, of the Provincial Secretary's Department, who was to speak on various phases of Centennial projects. Johnson gave a very fine pitch for our local group to get busy and get on with their own Centennial project, whatever it might be. He invited all persons to attend the Centennial planning meeting to be held in Drayton Valley High Hall, Thursday, February 22nd at 8 p.m.

A highlight of the very fine evening was the fact that Gordon Knoch, son-in-law to Mr. Drake, was that very day celebrating his 50th birthday. The assembled group sang "Happy Birthday to You."

A group from the Evansburg-Wilkesville, Ontario, attended the function and after dinner got together with our newly formed local Chamber of Commerce Agricultural Committee, headed by Manuel Schutte, to talk over the formation of a Agricultural Society.

A Canadian, John A. Macaulay, of Winnipeg, serves as Chairman of the Board of Governors of the League of Red Cross Societies.

The Canadian Red Cross stocks emergency relief supplies in France, Lebanon and Switzerland to assist disaster victims in Europe and the Middle East.

SMOKEHEART SWIRL COBBLER

Miss Linda Robertson, above left, is shown being crowned Sweetheart Swirl Queen at the Valentine dance held at the Drayton Valley High School last Wednesday night. 18 year old Linda representative grade eleven student in the contest which had four other contestants. She is being crowned by Judy Angus, sister of last year's queen Penny Angus. Student Union President John Bright reported that the dance was very successful.

Break-Ins of A Program

Monday night was far from being quiet on the Police Front when a series of break-ins were experienced in the town.

Establishments that felt the heat of crime upon them were Crown Umbrella, Knight D.A. Service Station and the Family 50 station.

For all the time and effort the thieves expended they only got a total of approximately \$1,000. It seems that good old honest toil would bring better returns.

The Town Police are continuing their efforts to apprehend the miscreants and will be present to conduct the panel discussion.

March 8 Red Cross Month in Canada.

Manager of the new Edmonton office in W. MacKenzie Hall who has been Manager of the Winnipeg office for the past three and a half years, G.A. Gillette has been named acting manager of the Winnipeg office.

In announcing the opening, Mr. Sharp said, "The new office in Edmonton will bring the various services of the Department of Trade and Commerce into closer contact with the business community of the Province of Alberta. It will maintain liaison with the Alberta Department of Industry and Development Incorporated trade promotion activities."

Manager of the Regional Office in Winnipeg, Mr. Hall brings to his new responsibilities the benefit of past experience with businessmen and government officials at Western Canada in the development of the area.

Mr. Hall has also been active in arranging trade mission programs in Western Canada and has provided local assistance to businessmen seeking contacts abroad.

In summary, the regional office in Edmonton will:

- (1) Provide direct departmental contact to manufacturers and business establishments.
- (2) Serve as an area contact point for international trade promotion activities.
- (3) Serve as a base of operation for touring Trade Commission

COOKING MAGIC

March is Red Cross Month in Canada

To meet the demands of Canadian hospitals, our Canadian Red Cross must collect more than \$50,000 donations of blood in 1965.

More than 90 per cent of the work done by the Canadian Red Cross Society is performed by volunteer men, women and young people from all walks of life.

Through the Red Cross, your help does so much for so many.

Massey-Ferguson Curl-o-Rama

Thursday and Friday marked the completion of the championship for the Massey-Ferguson Curl-o-Rama which were held in the Drayton Valley Curling Rink. Five rinks, Drayton Valley, Leduc, Thorburn, Wessville, and Pembina played off for the right to compete in the Northern Alberta finals to be held in St. Paul. Each team is sponsored by a Massey-Ferguson dealer. Featured above is the Al Lewis rink of Wessville which came out on top in the modified double knockout competition. SERVICE CLUBS KEEPT BUSY OVER WEEKEND

This past Friday was a busy day for both the men's and ladies' auxiliaries of the local Legion. Friday afternoon the ladies held a bake sale in the Hudson Bay Company and they are pleased to report that the sale was very successful. Friday evening the Legion men teamed up with the Elks and sponsored two Valentine dances for the younger citizens of Drayton Valley. Children and students up to grade eight were accommodated in the Elks Hall while the Legion Hall held members from the Elks counting over 500 pairs of feet. The BANNER is pleased to congratulate both clubs on their fine endeavor and urge them to keep up their extra-curricular work with the youth of Drayton Valley and district.

Secretary-Treasurers Report

In generalization, 1964 has been a year of continued habitation; residential building has continued with our rehabilitation; commercial renovation and new construction remains approximately the same as 1963. Industrial development is fairly static but some growth did occur during the year. There is a continued prosperous tone to the District even after a very bleak winter and autumn, which in turn has been followed by a

wave of bitter cold and above average precipitation. However, there is still an atmosphere of confidence and faith permeating the area - and who shall say it should not be so. Certainly not the events of the past nor the present and if we all continue to put our best foot forward and work the fine living out of the resources we have in this area - the future should be even more prolific and rewarding.

Now from generalities to specifics. Revenues for the year proved to be \$2,000,00 more than our estimated figures; supporting our expenditures of early 1964 very creditably. However our expenditures ran amok, and we over-spent our estimates by nearly \$22,000,00 and consequently by instead of ending the year with a surplus of \$2,000,00 we came out with a deficit of \$20,000,00.

Now let us analyze the situation and understand how it came about. In the reporting we estimated that our Public Works expenditures

1965 Licence Plates

1965 MOTOR VEHICLE LICENSE PLATES TO GO ON SALE MARCH 18 AT LOCAL TREASURY BRANCH

This year the plateholders had lettering on a white background. Also plates, sold in Drayton Valley will start at 12,000. All other classes of license plates will be available including farm trucks, various commercial trucks including class X, CV, E & U, license for Motor Cycles. Dealers and dealers will also be available.

The deadline for purchasing plates this year is April 30, 1965, and motorists are requested to assist the Motor Vehicle Branch by purchasing their plates well in advance of the deadline to avoid delays and delays in completing registrations.

Pictured above is Miss Arlene Life of the Treasury Branch holding up the first license plate to go on sale. As is the part no reservations will be accepted locally for special numbers and all plates will be sold on a first come first serve basis.

Centennial Meeting

The Centennial Meeting held in Scout Hall on Thursday evening, February 18th to get a cross section of views relative to the coming Centennial (1967), was well attended, with over three hundred registering for the meeting.

The meeting was very well conducted by Chamber of Commerce President Al Pfaff, and two microphones had been set up into which those wishing to state their views, spoke. The messages were then tape-recorded and an unusually good record was preserved via tape.

These were later typed out by secretary of the meeting, Mrs. Johnson, and will be printed in this paper, starting next week.

Air Cadet Banquet

The Air Cadets held their Annual Father and Son Banquet recently in Legion Hall, with the Legion Ladies Auxiliary providing the very tasty turkey dinner that the boys went for a big win.
